1. Custom Product Nature

Products that include custom text, images, logos, or personalized designs are created specifically according to the customer's request. Because these items are uniquely produced for each order, they cannot be resold or reused by Maitrova.

2. Order Accuracy Responsibility

Customers are responsible for ensuring that all customization details submitted during checkout are accurate. This includes text spelling, uploaded images, design placement instructions, color selections, and size selection. Maitrova is not responsible for errors submitted by customers during the ordering process.

3. No Cancellation or Return for Custom Orders

Once production of a customized product has started, the order cannot be cancelled, modified, or refunded. Returns or exchanges are not accepted for customized products unless the product received is defective or incorrect due to an error by Maitrova.

4. Image Quality Disclaimer

Customers must upload high-resolution images for custom prints. Maitrova is not responsible for poor print quality resulting from low-resolution or blurry images provided by the customer.

5. Intellectual Property Responsibility

Customers must ensure that any images, logos, or designs submitted for customization do not violate copyright, trademark, or intellectual property laws. Maitrova reserves the right to reject any design that appears to violate intellectual property rights or contains inappropriate or illegal content.

6. Color & Print Variation

Actual printed colors may vary slightly from digital previews due to fabric material differences, screen display variations, and printing processes. Such minor variations do not qualify as defects.

7. Production Timeline

Customized products may require additional production time before shipping. Estimated production timeframes will be communicated during the ordering process.

8. Right to Refuse Custom Orders

Maitrova reserves the right to decline customization requests that include offensive or inappropriate content, copyrighted or trademarked material without permission, or illegal and harmful messages.
